

## **CORPORATE SOCIAL RESPONSIBILITY:-**

Your Company believes that CSR activities play a pivotal role in achieving inclusive growth. The focus of MECL's CSR initiatives is integrated development of community in the villages surrounding our establishments/projects which are among the most remote villages of India. Providing School uniforms, text books, Table, Chairs, Ceiling Fan, Water Filter and other stationery items to the schools to motivate SC/ST and weaker sections students to pursue their studies, providing sports materials to the Schools, Gram Panchyat for promotion of sports, for supplying drinking water to the nearby villages. Your company is committed to construction of Bore well/tube wells, water tank, hand pumps and submersible pumps. MECL has initiated to facilitate sustainable income generation through self-employment programme by providing Sewing Machine to Mahila Mandals. Wherever we are working we work in partnership with local people and impart training to them improving their skills, so that they are in position to work in our projects. After having worked with us, they find it useful to them in future. During the financial year 2010-2011 total 12 Projects were identified for implementation of CSR activities.

The presence of our scientists, engineers, technicians at the project sites in remote locations contribute to the social change of the area and stimulates the first step towards rural development of our nation.
